ANNOYING THE TROOPS

THREE NIGHT ATTACKS MADE ON THE MILITIA CAMP AT SHENANDOAH, PA.

GUARD HAS BEEN DOUBLED

Ball Cartridges Served Out to the Soldiers and Orders Given to Shoot to Kill Should the Attacks Occur Again—Stones Thrown at the Men on Duty, One of Them Being Hit and Knocked Down.

Shenandoah, Pa., Aug. 4.—The entire Eighth regiment was called to arms during the night as a result of three attacks made by a band of men in ambush who threw stones at the troops now in camp on the plateau outside the town. These attacks are becoming so frequent that Brigadier General Gobin has decided to adopt stern measures to end them. A double guard supplied with ball cartridges surrounds the camp and the sentries have been instructed that if the stone throwing is repeated they must shoot to kill and investigate afterward. One of the attacking party, a Lithuanian named William Stopponitz, is under arrest and is confined in the guard tent, and the provost marshal is on the trail of others. It is not known how many were in the crowd, but the officers of the Eighth regiment believe the number to have been more than a dozen.

The first attack, according to Colonel Theodore F. Hoffman, was made at 10:45 o'clock p. m. Private Payne of Company I, on sentry duty, saw a party of men on the Mahanoy City road, which separates the camp of the Eighth regiment from the Twelfth. He commanded the men to halt and called the corporal of the guard, but before the latter could respond a shower of stones and rocks were thrown at the sentry. One rock struck him on the chest, knocking him down and causing the gun to fall from his hands. He immediately jumped up and fired several shots in the air. As he did so, the men ran down the road and were pursued by several strangers. The outpost which had been stationed some distance from the camp heard the shot and one of the pickets captured Stopponitz as he came running down the road. The others escaped.

The shooting aroused the whole camp and the Eighth regiment was put under arms and Companies B, E and K were immediately out in skirmish lines. They beat the nuderbrush and laurel, which is five or six feet high all around the camp, but

They Could Find No One.

The regiment was then called to quarters and fifteen minutes later another shower of stones was thrown at the stable guard, which is located south of the Eighth regiment. The guard turned out and three men were seen running along the road in the opposite direction from where the outpost was stationed. The strangers were not pursued.

Shortly after 3 o'clock a. m., the third and last attack was made and it was of such a nature that the bugler, under orders from Colonel Hoffman, sounded the whole regiment to arms. This time the stable guard was again the object of the mysterious attack. Stones in volleys were thrown at the guard and at the sentries near by. On account of the laurel, underbrush and darkness, the soldiers could not see the offenders. However, the sentries fired about a dozen shots into the bushes, but no one was hit. Some of the bullets went whistling over the tents of the sleeping soldiers of the Twelfth regiment, across the road.

The noise of the firing and the bugle call to arms stirred up the Twelfth regiment and the Governor's troop of cavalry, which is located close to the Eighth regiment. Colonel Clement of the Twelfth regiment, sent out detachment to investigate the trouble, as did also Captain Ott, in command of the cavalry. The Eighth regiment, Colonel Hoffman said, was under arms and ready for action in three minutes. Another thorough investigation was made without result and then the command, after standing in formation for thirty minutes, was called to quarters and not again disturbed.

Colonel Hoffman made a full report to Brigadier General Gobin, who came to camp during the day to make a full investigation. He put Stopponitz through a searching examination. The prisoner said there were only four men in the body. He gave the name of one of them as Michael Lavotiz and said he did not know who the others were. While under examination he made several contradictory statements. General Gobin says that he will turn Stopponitz over to the civil authorities. He will be placed in Pottsville jail. The brigadier general said he had issued orders that stringent measures be taken with all such offenders.

Two Boys Drowned at Milwaukee.

Milwaukee, Aug. 4.—Two boys, eight and fourteen years old, sons of James Wilburth, residing at 1428 Richards street, were drowned in the Milwaukee river. The lads were catching crabs and waded into a deep hole.

MOB HELD FULL SWAY.

Street Car Strikers Finally Compel Traffic to Suspend.

Ironston, O., Aug. 4.—The strike of the employees of the Camden Interstate Electric railway almost completely tied up the lines from Guyandotte, W. Va., to Hanging Rock, O., and intermediate points during the day. In seven hours all the nonunion men were driven from the cars in this city by violence. Crowds gathered at street intersections hurling fruits, eggs and other missiles at motormen and conductors. At noon James Sanders, a union man, who refused to quit, was taken from his car and dragged toward the Ohio river. On promising not to resume his car he was escorted home in a roundabout way to escape the crowds. The conductor on the same car and linemen were taken home in cabs to escape the mobs. Cars were held up all over the city until noon when traffic was suspended. The nonunion men also were afraid to run through the crowds at Catlettsburg and Ashland, Ky., and other points on the Kentucky and West Virginia side of the Ohio river. The Ironston strikers ran cabs and secured more passengers than the street cars; women who chose that mode of conveyance in preference to street cars being cheered by the crowds. The concert at Beechwood park, the railway company's pleasure resort, was abandoned, the Ironston orchestra declining to play after the strike was declared.

The crowds of union sympathizers had full sway without molestation from the authorities, not a policeman appearing at any of the points of disturbances.

THREE PERSONS KILLED.

Milk Trains Collide on the Ontario and Western Railway.

Middletown, N. Y., Aug. 4.—A head on collision between milk trains on the Ontario and Western railway at Hornton's, Delaware county, resulted in the death of three persons, the wrecking of two engines and the ditching of several cars.

The dead are: Andy O'Neal, Norwich, engineer of the southbound train; Robert Reese, this city, fireman of the same train; Michael Tully, this city, trainman of the same train.

Benjamin St. John, the engineer of the other train, jumped from the cab, escaping serious injury.

EXCURSION TRAIN WRECKED.

Eleven Persons Badly Injured Near Cadillac, Mich.

Cadillac, Mich., Aug. 4.—An excursion train on the Ann Arbor railroad, made up of eleven coaches and carrying 700 people, was wrecked six miles north of this place during the morning. So far as known no one was killed, but eleven persons were injured, some seriously.

The train was bound from Durand to Crystal Lake and Frankfort, and was running about thirty-five miles an hour. It is believed the wreck was caused by the flange breaking on one of the wheels of the car next to the engine.

THREE BOYS DROWNED.

Sad Bathing Accident in the Allegheny River at Pittsburgh.

Pittsburgh, Aug. 4.—Three boy bathers were drowned in the Allegheny river at the foot of Thirty-sixth street. Their names are William J. Carroll, aged fourteen; Amiel Kolozinski, aged twelve, and an unknown boy aged about twelve. None of the boys could swim and while wading about two of them got beyond their depth in a hole made by a dredge boat. The Carroll boy lost his life in attempting to save his companions.

Street Cars Telescoped.

Elgin, Ill., Aug. 4.—In a street car collision here two cars were telescoped and several persons seriously injured. A switch to a siding upon which stood three empty cars, was left open and a car from Elgin to Dundee crashed into the standing cars, two being telescoped. The passengers were imprisoned for nearly an hour and every one of the fifteen passengers on the car was more or less seriously injured.

Double Drowning at Detroit.

Detroit, Mich., Aug. 4.—Joseph Huettmann, aged twenty years, a tailor, and Charles Jost, twenty-four years old, plumber, were the victims of a double drowning near the Sandwich coal docks during the afternoon. They were in swimming with Hermann Herring, aged, fourteen years, and Herring was rescued with difficulty. The men, though not good swimmers, ventured into deep water.

King Edward Now Receives Visitors.

London, Aug. 4.—Up to Sunday King Edward had taken all his meals alone, but then for the first time since his recent illness he lunched and dined with members of the royal family. His majesty now receives numerous visitors daily, and Cowes is becoming crowded with fashionable notables.

Was a Brother-in-Law of Schofield.

Freeport, Ill., Aug. 4.—Hon. Alfred Wise, aged seventy-one years, since 1848 a resident of this city and for many years president of the Second National bank, died suddenly at his home here. He was a brother-in-law of General John M. Schofield and was widely known in the West.

DESPERATE BATTLE BEING ENGAGED IN ON THE ISTHMUS OF PANAMA.

NEWS HARD TO OBTAIN

Colombian Government Force of About Seven Thousand Men Has Been Constantly in Action With Four Thousand Revolutionists Since Last Tuesday—Fight Occurring in an Almost Inaccessible Country.

Washington, Aug. 4.—"Battle still being fought desperately" were the words of a dispatch received at the Colombian legation during the day from General Salazar, the governor of the department of Panama, which was in answer to a message asking for information regarding the fight which had been in progress since Tuesday at Agua Dulce, when the Colombian revolutionists began to attack that place. The feeling here is that the government force of about 7,000 men is engaged with a large portion of the revolutionists, who have in the department of Panama about 4,000 men in all. Agua Dulce, though only seventy-five miles from Panama, is in an inaccessible part of the country for ready communication. It requires eight days to make the overland journey, while the water communication is very irregular and is carried on mainly by small boats.

AN UNWELCOME SURPRISE.

General Smith Speaks of His Forced Retirement From the Army.

San Francisco, Aug. 4.—General Jacob H. Smith, who returned last Friday from Manila, will spend several days in this city and then go to his home in Portsmouth, O. Speaking on the subject for the first time since his arrival, General Smith said of his forced retirement from the army:

"It was an unwelcome surprise to me. I naturally supposed that I would receive a reprimand, as a result of the verdict of the courtmartial, but nothing more. I have always tried to do my duty in a conscientious manner and conduct myself as a soldier. I am still in the government's service and am not at liberty to discuss recent personal occurrences. I could be as readily courtmartialled now as if I were not on the retired list."

STRIKERS STILL CONFIDENT.

No Important Change in the Anthracite Situation.

Wilkesbarre, Pa., Aug. 4.—President Mitchell of the United Mine Workers made another visit to Scranton during the day. Before going he said there was no change in the strike situation. He did not think that an attempt would be made to resume work at any of the collieries during the coming week. From what he could learn the Oxford mine in the Lackawanna region was being operated by new men. None of the old employees had returned and at a meeting they pledged themselves not to return. Mr. Mitchell said the same conditions prevailed throughout the entire region. The strikers were still confident they were going to win and so long as they felt that way there was little probability that they would report for work.

IOWA PIONEER DEAD.

For Thirty Years J. F. Duncombe Was a Democratic Leader.

Des Moines, Aug. 4.—John Francis Duncombe, pioneer settler of Fort Dodge and prominent in political and legal circles throughout the state, is dead at his home here, aged seventy-one years. The cause of death was a stroke of apoplexy, following a general breaking down of the system. Mr. Duncombe had been a resident of Fort Dodge for forty-one years. He was considered one of the most able lawyers in the state and has been engaged in some of the most famous trials. For years he was district attorney for the Illinois Central railway. For thirty years he was prominent as leader of Iowa Democracy. He served as state senator and representative. Twice he was chairman of Iowa delegations to national Democratic conventions and held many positions of trust.

HITCH IN NEGOTIATIONS.

British and Chinese Tariff Commissioners Are Deadlocked.

Shanghai, Aug. 4.—The hitch in the negotiations between Sir James T. Mackay, the British tariff commissioner, and the Chinese commissioners, for the adoption of Sir James' scheme for Chinese tariff revision, which arose from the fact that the Chinese object to the British regulation concerning inland navigation, convinces everyone outside of the British commission of the utter dishonesty of the Chinese in their professions in favor of the abolition of the likin, or provincial transit duty. The American commissioner assured Liu Kun Yi, viceroy of Hankin, that the United States would never consent to the abolition of the likin because the bulk of American imports go to Manchuria and the northern provinces where there is no likin.

SEVERE HAIL STORM IN IOWA.

Strip of Country Several Miles Wide Visited and Crops Ruined.

Council Bluffs, Ia., Aug. 4.—A severe storm which passed over Southwest Iowa did great damage to crops in Pottawatomie and Western counties. A strip of several miles wide was visited by hail and the corn crop was entirely ruined. At Avoca lightning struck an elevator belonging to the Des Moines Elevator company and it was destroyed. The loss is \$50,000 on the building and contents.

Republican Campaign Text Book.

Washington, Aug. 4.—The Republican text book for the campaign of 1902 has been issued by the Republican congressional committee. The book, which is in pamphlet form contains 380 pages, makes liberal quotations from the speeches of Presidents McKinley and Roosevelt, also extracts from their messages to congress in support of Republican doctrine. The book reviews the record of the Republican party from its beginning to the present time.

New Orleans Strikes Settled.

New Orleans, Aug. 4.—The street railway company and the telephone companies have acceded to the demands of the striking electric linemen, agreeing to pay them \$3 per day instead of \$2.50, thus virtually settling the strike.

POLITICAL ANNOUNCEMENTS.

FOR COUNTY ATTORNEY.

I hereby announce myself a candidate upon the republican ticket for nomination as county attorney at the primary election, September 16th, 1902, and respectfully ask the people of Crow Wing county for their friendly support. I have been a resident of this county since March, 1901, and a member of the Wisconsin bar since 1896, and of the Minnesota bar since 1900. I am nominated at the primary September 16th, and subsequently elected November 4th, 1902. I hope to prove myself an efficient and useful public servant. Respectfully,
E. W. CRANE,
Room 18 First Nat'l Bank Block, Brainerd, Minn.

BRYAN is not charged with lying awake nights trying to organize the democratic party.

DULUTH people are out to beat Adam Bede for congress in the new Eighth district. And they find it quite a task.

THE great problem in this country once was how to get money to move the wheat crop. The present problem is to get labor at the right time.

CONGRESSMAN HEATWOLE having signified his intention of retiring from politics Gideon S. Ives has filed with the secretary of state his declaration as a republican candidate for congress in the Third district.

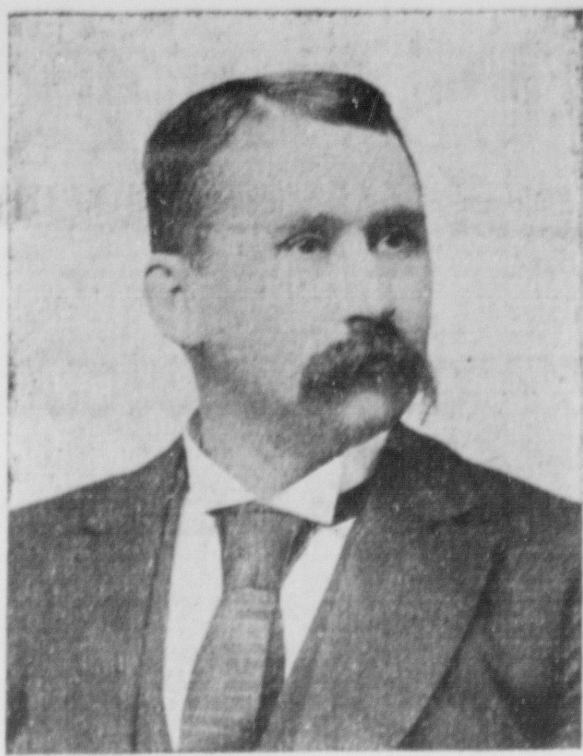

THE Philadelphia Record tells an interesting story about the success of the largest general store in Tacoma, Wash. The proprietors began business in a small way, lived economically and saved every dollar to buy space in the newspapers. Now their advertising contracts call for an aggregate space of 107 pages a year. The manager of the concern says they would as soon think of going out of business as of reducing their advertising space. The experiment of that firm is the common experience of all extensive advertisers. A man might as well take down his business signs as to stop advertising, as might a firm.

THERE is some criticism of the new primary election law because it prohibits a voter from exercising a choice as to which party he desires to vote with and makes it difficult for the independent voter to register his choice, says the Red Wing Republican. If the critics will consider, though, they will admit that the same restrictions were in force under the old primary system of party caucuses, a democrat being barred from the republican caucus and a republican from the democratic. The new law makes no restriction on the independent action of the voter in the regular election and the restriction in the primaries is a needed one to prevent the voters of one party from forcing an undesirable candidate on the voters of another party. That voters who desire to change from one party to another are barred from the primaries is not a very serious matter. Modesty should keep them in the background for a time, at least, until they get acquainted with their new brethren.

For County Attorney.

W. A. Fleming has filed his notice with the county auditor and is before the people of this city and county as a republican candidate for the nomination of county attorney. The gentleman needs no introduction at the hands of the DISPATCH. He has been a resident of Brainerd for 20 years or more and during that time has been called upon to serve the public in various positions of trust and responsibility and has always acquitted himself with credit and served the people who saw fit to elect him in a satisfactory and conscientious manner. He has filled the position of superintendent of schools, municipal judge, county attorney and served two terms in the state legislature from this district. He is the present county attorney having been selected by the county commissioners to fill the vacancy in that office caused by the resignation of S. F. Alderman last spring. He comes before the people as an able representative of the legal fraternity, particularly well fitted to fill the office, both from point of experience and knowledge, and the DISPATCH predicts that he will receive the nomination at the primary election, and later when the votes are counted in November he will be elected.

BIG FAIR FOR WOMEN

Features of an Exhibition to Be Held In New York.

EMPLOYEES ALL OF THE FAIR SEX

Exhibits From All Parts of the World Will Be Seen at Madison Square Garden—Street of Nations to Circle Arena and Venice Street to Occupy the Basement.

"There's a feminine finger in every pie, and the Woman's exhibition will prove it."—Mrs. Sara Knowles, President Professional Woman's League, Director General.

"The pie's the thing in America, and the Woman's exhibition proposes to convert the world to this cult."—Mrs. Gertrude Andrews, Official Pie-maker.

Woman in all her phases, with a multiplicity of activities to indicate her past and future possibilities, will be the daily living picture at the Madison Square Garden in New York during the two weeks, Oct. 6 to 18, while the Woman's exhibition holds the boards, says the New York World. From east and west, north and south, whether as almond eyed daughter of Asia or dark haired Mexican senorita, she will bring her best to add to the sum of greatness of the sex.

The enterprise found its origin in a distinctively feminine organization, the Professional Woman's league, and it is this body of 600 women who are working with might and main to bring it to a successful accomplishment. It will comprehend an investment of over \$250,000 and will employ more than 3,000 persons, all of whom will be of the gentler sex and as comely, say the managers, as any Broadway chorus.

A street of all nations will surround the arena of the Garden, where twenty-four peoples in characteristic occupations will give a kaleidoscopic idea of the scope of the undertaking. Within the inclosure which this thoroughfare circles the industrial section will be placed. A Red Cross field hospital, with its corps of doctors (again women) and nurses and the appliances for emergency surgery, will be shown.

Of interest to mothers will be the nursery as it was and as it is. The old fashioned ponderous crib and chairs will be seen in the former exhibit, while the latter will include all the modern furnishings of the nursery, the kindergarten chairs, etc., and the various ways of amusing a child. Baby incubators with improvements suggested by women will also be on view.

In this department, as in the kitchen, the proposed colored women's part in the exhibition will come into play. The old mammy nursing her little ones on the floor and crooning the songs of the old south, as well as the auntie in the cookhouse making wonderful corn pones and battercakes, will be a study in national customs.

One element of the kitchen display, which will represent many countries, will be distinctly modern and distinctively American. This will be the pure white apartment, fitted with a gas stove, where Mrs. Gertrude Andrews, with the assistance of Miss Carmelita Beckwith, will prove to the male understanding that a woman can make and bake seventeen pies in a batch as palatable as any "mother ever made" and yet look pretty throughout the performance.

Women designers in wall paper, carpets, book covers, etc., will be an important addition to the ensemble. Carpet weaving, making furniture and the turning out of metal novelties will have their place.

The Professional Woman's league, which has each year made its bazaar a feature of the Christmas season, will use a large section near the center of the floor for its contribution. Theatrical dolls, in imitation of celebrated actresses in their favorite characters, will be the special commodity. Two hundred of these dolls, with the waxen representatives of various nations, are now in the hands of their modistes. Hairdressing and beautifying with all manner of feminine art in the way of personal adornment or improvement will be shown.

In the commercial section all that a woman uses, from a hairpin to a steam launch, will be in evidence, and milliners, bootmakers, dressmakers and others of that ilk will be in their glory. The costume exhibit is intended to cover exhaustively changes in fashions from the period immediately succeeding the fig leaf to the present. Theatrical wardrobes will have part in this. A picture gallery and museum, as well as an educational exhibit, will be in different parts of the Garden.

One of the most picturesque spots and the haven for amusement seekers will be the Venice street, to be located in the basement, where typical Venetian houses of discolored stone will flank the broad way, with its bridges crossing hidden canals. The vista of seemingly endless gardens will be accomplished by mirrors. Shops, cafes, restaurants and places of amusement will cluster at the entrance of the bridges, fakirs and sideshows will fill every place, and the Italian will dominate the whole.

The Japanese booth will show a middle class family of Tokyo in its home. The Chinese department is to be flooded and planted with rice. A picture of Boer life is expected to be of especial interest in view of the late war, and the exhibits from our new possessions are others that promise much. In connection with the exhibition concerts, lectures, etc., will be held. Many feminine attractions have already been engaged for performances during its run.

To keep the womanly element absolutely unbroken throughout the league

will have a detachment of women police, a woman doorkeeper, with assistants, a corps of women carriage attendants and other employees usually of the sterner sex. The costumes of these attaches have all been specially designed, and in order to insure the perfect working of the scheme prominent league members will act as the leaders of the different bodies.

If there be riot in the Garden, it will be handsome Amelia Summerville, disguised in a policeman's helmet, with blue coat to the knee, black hose and the daintiest of high heeled shoes, who will draw her miniature club and rush to investigate. Dr. Ida C. Nahm, in the trimmest of green livery, with top boots and high hat, will spring down the steps to open your carriage while you wait, and a blond haired doorkeeper in biscuit colored costume with blue facings, her white pelt and tan boots and smart cap the accompaniments, will sweep back the portals.

Marguerite St. John, in zouave dress of red, will lead the guard which patrols the Garden, and Pauline Willard, in the picturesque costume of Italy, will appear in the Venice street to direct the Venetian girls. During the exhibition a paper written, edited and published by women will be a feature. Belle Jennings, one of the union workers, will run the linotype machine.

Mrs. Sara Knowles, the president, is director in chief of the exhibition. Her executive committee follows:
Mrs. Louise Eldridge, Mrs. Alice Maddock, Mrs. Belle Gray Taylor, Mrs. Ida Wells, Mrs. J. S. Ferguson, Mrs. J. H. Van Tine, Miss Mary T. Stone, Miss Minnie Wortendyke, Miss Cora Tanner, Miss Rosa Rand, Mrs. W. G. Jones, Mrs. Susanna Leonard Westford, Mrs. Mary H. Bancker, Mrs. Edwin Arden, Mrs. John Glendon.

Miss Maude Banks, Miss Malda Crigen, Miss Sara Palmer, Miss Emily Rigl and Miss Marguerite St. John.

Mrs. E. L. Fernandez heads the advisory committee, Mrs. A. M. Palmer the reception and Mrs. Fred Ross the bazaar committee. Miss Emma Field, Miss Rosalie de Vaux, Miss Jane Holly and other actresses are of Mrs. Ross' helpers in the quest for theatrical dolls. Headed by Lillian Russell, Edna Wallace Hopper and Bijou Fernandez, many prominent professionals are likewise pledged to the cause on various committees.

Theatrical dolls, in imitation of celebrated actresses in their favorite characters, will be the special commodity. Two hundred of these dolls, with the waxen representatives of various nations, are now in the hands of their modistes. Hairdressing and beautifying with all manner of feminine art in the way of personal adornment or improvement will be shown.

In the commercial section all that a woman uses, from a hairpin to a steam launch, will be in evidence, and milliners, bootmakers, dressmakers and others of that ilk will be in their glory. The costume exhibit is intended to cover exhaustively changes in fashions from the period immediately succeeding the fig leaf to the present. Theatrical wardrobes will have part in this. A picture gallery and museum, as well as an educational exhibit, will be in different parts of the Garden.

One of the most picturesque spots and the haven for amusement seekers will be the Venice street, to be located in the basement, where typical Venetian houses of discolored stone will flank the broad way, with its bridges crossing hidden canals. The vista of seemingly endless gardens will be accomplished by mirrors. Shops, cafes, restaurants and places of amusement will cluster at the entrance of the bridges, fakirs and sideshows will fill every place, and the Italian will dominate the whole.

The Japanese booth will show a middle class family of Tokyo in its home. The Chinese department is to be flooded and planted with rice. A picture of Boer life is expected to be of especial interest in view of the late war, and the exhibits from our new possessions are others that promise much. In connection with the exhibition concerts, lectures, etc., will be held. Many feminine attractions have already been engaged for performances during its run.

To keep the womanly element absolutely unbroken throughout the league

FARGO MANAGEMENT PLAYS MEAN TRICK

Game of Base Ball Yesterday Between Locals and Fargo Did Not Mature.

SAID TO HAVE MISSED TRAIN.

Aitkin Came, However, and a Good Game Was Witnessed By Brainerd Fans.

The management of a base ball team may make many mistakes in connection with the season's work, but there is one breach that managers sometimes make that should ball him out not only with the towns that his team has to play with but especially with his own town. That a city the size of Fargo would stand for such things is more than one can understand.

The management of the local team had made arrangements with Fargo for a series of three games here, yesterday, today and tomorrow. Other teams had wired asking for these dates but they were turned down as the deal had been closed with Fargo and they were promised all that they asked. Their expenses were guaranteed and \$50 besides for the three days playing with a privilege of sixty and forty of the gate receipts. To be sure that they were coming the local management called up Manager Watson the last thing Saturday afternoon and he said that they would surely be here.

Yesterday morning word came that Fargo had missed the train, and Fargo dropped several notches in the estimation of the fans of this city. On a hurry up order Aitkin was secured and they came, but word was spread throughout the city as much as possible that Fargo did not come and those who went to the game yesterday who were misled thinking that Fargo was to play were offered a refund of the amount that they paid for their tickets. We will take our hats off to Manager Watson just for luck from the fact

that his work is coarse. Brainerd would have turned out from 1,500 to 2,000 people yesterday to see the game.

The game was naturally a one-sided affair, for Brainerd has strengthened up and is unusually strong. Bemis was obliged to go on the slab, although his hand was still very sore. He stuck them over the plate, however, and they fanned away. Brainerd won the game by a score of six to two. Bothne, Sullivan and Nehr, three new men, were in the game yesterday for the first time and they showed up well. Bothne, the new catcher, who hailed from Chicago, was the star of the occasion. His work behind the bat, especially his throwing to bases, and his fierce hitting were distinct features of the game. In four times up he made three hits, one of them being a two-bagger. Sullivan, the star outfielder from the Northern League, where he made a record, is one of the best in the business. His throw from left field to home plate cutting off a run was the prettiest piece of work that has been seen on the local diamond this year.

Krelwitz was on the slab for Aitkin and he pitched a good heady game throughout, not allowing many hits and keeping them well scattered. The Aitkin team was not in the game from the start and there was no danger of its going to them. Brainerd now has the strongest team in this part of the country, and before the season is over will place the name of Brainerd far up in the rank as a good base ball town.

The following is the summary of the game.

BLACK DUCK COUNTY.

Gov. Van Sant Will Submit Proposition to Divide Beltrami to the Voters at Coming Election.

Gov. Van Sant has heard C. H. Allen and Henry Funkley in behalf of those citizens of Beltrami county who petitioned to have the thirty-six eastern townships set off from the rest of the county and organized as the new county of Black Duck, with the village of Black Duck as the county seat. The petitioners stated that the territory that would be included within the new county was filling up very rapidly with a prosperous class of settlers, the population being already in excess of 4,000. The census of 1900 gave these townships only 903 inhabitants.

The governor was curious as to the origin of the name Black Duck, and asked why the petitioners had not selected Roosevelt or some other name in honor of an American statesman, and he was informed that the eastern end of Beltrami country had been known as the "Black Duck country" ever since it was settled by white men, and that the petitioners for partition of the western part of this big county has chosen Roosevelt as the name of one of the proposed new division and "Nelson" for the other.

With the concurrence of the secretary of state and the state auditor, the governor decided to grant the application, and he will issue a proclamation authorizing the matter to be submitted to vote at the fall election.

BURGLAR MAKES A NICE RICH HAUL

Gains Entrance to Master Mechanic Bean's Residence and Makes his Escape.

A DARING PIECE OF WORK.

Other Residents in the City Have Been Pestered But Burglars Are Not Successful.

A burglar of the real genuine stripe made a rich haul Saturday night at the home of Master Mechanic S. L. Bean, getting away with \$129.50 in cash, which was in Mr. Bean's trousers that had been thrown on a large easy chair in the sitting room adjoining the bedroom. The prowler gained entrance through a back window, climbing over the lower sash, the upper one having been let down. The window is on the porch and as there is screen around the entire porch, none had ever been put on this particular window through which the burglar entered.

Once in the house the trousers and the money were accessible. The electric light was on in the sitting room and it is thought that the burglar saw the trousers laying in the chair from without. Not one of the family heard him enter or go out and it was not until Sunday morning that any one knew anything about the theft. On investigation foot prints of a man in bare feet were found around the house on the outside and it was then that Mr. Bean was sure that a burglar had come and gone and had taken with him the \$129.50 left in his trousers pocket.

Reports from other parts of the city are to the effect that night prowlers are disturbing residents, and it behooves all to keep a close watch.

CRACK BRAINERD TEAM

Leave for Lake City Saturday Night where They will Compete for Honors in State Shoot.

The members of Brainerd's crack team left on Saturday night. They reached Lake City yesterday and outside of a little practice they intended resting up during the day so as to be in good shape for today's work. The friends of the boys here have little doubt but that they will come home victorious. The most interesting event of course, will be the shoot between B Company, of Minneapolis, and F Company of this city. \$200 has been posted by each company and the contest will probably be a lively one. The following gentlemen from F Company that make up the team are: Q. M. Sargent Britton, Sargent Britton, Corporal Britton, Capt. Nelson and Privates Adair and Opsahl. The other members of the company who accompanied the boys are Messrs Wilkins, Albright, Guthrie and Weeks.

Besides the state marksmanship tournament of the national guard at Lake City this week there will be a hot contest between Company B, of the First regiment from Minneapolis, and Company F, of the Third infantry, from Brainerd. The Brainerd men are regarded as among the best shots in the state, their team having made an average of over 120 out of a possible 150 in the known distance shooting at the encampment last month. Each company puts up \$200 on the result of this company shoot, the whole to go to the winning team.

The state marksmen's tournament will take place at Camp Lakeview Monday, Tuesday and Wednesday. Each of the three regiments of infantry in the Minnesota national guard will send a team of ten men and two alternates to compete for the state trophy. The men composing the teams are those that made the best scores at rifle practice during the recent state encampment.

Cancer and Consumption
Cured In Duluth.

These diseases cured by the Actinic or Violet Ray Light cure that has been used with great success in Europe and New York City. In the latter place hundreds are being treated daily by this wonderful light. Absolute cures are being effected and all who try it are benefited. The treatment consists in powerful rays of light from a 500 candle power lamp which are passed through condensing lenses and thrown on the affected parts. These rays of light destroy the germs of disease without injury to the healthy tissue. It quickly relieves the pains of cancer, the severe coughing in consumption and heals all running sores. It is absolutely painless. Already a number of Duluth and Superior people have been treated with astonishing results. For particulars address,

MUSIC AND DRAMA.
CREATORE STRIKES NEW YORK.

Creator, who was in Brainerd with the Royal Italian band last winter, has struck New York, as is indicated by the New York Sun of Tuesday. That paper says:

"An acrobatic exhibition with Wagner's 'Tannhauser' as a musical accompaniment made a number in the new vaudeville bill at Paradise Garden last night that stirred an audience so that it arose and cheered. The principal performer was an Italian named Creator, leader of a military band of sixty. The music was incidental. An auditor who loudly declared he had Sousa 'skinned to death' expressed a regret that none of the selections were in rag-time. The curtain rose to reveal the sixty men. Then the lights were lowered and a white calcium flitted about a doorway in the rear. The musicians arose and saluted.

"Creator appeared.

"He is very tall, dark, with long black, shaggy hair. He stood as only genius stand, a languid, tired, poetic look extending from his eyes down through his entire form to his gracefully bent knees. He strolled to the footlights, which were unused, so that the greenish white calcium made his face more conspicuous.

"To describe the harlequinade that he danced to the sextet from 'Lucia' would be impossible. It must be seen.

"Occasionally he swept his hand over his loose, waving hair. As the selection progressed he became more excited, mopping his hair more frequently. At times his body tumbled all over and his gestures were extremely comical. With mad rushes he ran to his musicians.

"With sudden violence he once or twice dived at the second trombone. But that vitally important player didn't mind a bit. Indeed, all of the musicians were self-possessed men and took no heed of Creator. They didn't mind a bit when he dramatically urged them on to a climax that they had reached four or five bars before. But Creator kept faithfully to the part as he had rehearsed it. Mopping off the hair and dives among his musicians, he finally reached the climax at the end of the selection, when, with arms held high and trembling, he leaned far back as though rapt in intense insanity."

noon, on the day of their appearance here. The date is next Thursday, Aug. 7th. The sale of seats opens Wednesday morning at H. P. Dunn & Co's.

Leave for Lake City Saturday Night where They will Compete for Honors in State Shoot.

MINNESOTA'S GREAT FAIR.

It Will be the Great Event of 1902. Exhibitions Crowding in.

The Minnesota state fair of 1902 will be larger than ever. Last year's National Live Stock exhibition will be repeated on a larger scale and reports from other departments of the fair show that exhibitors are expecting to increase their displays to correspond with the increased exhibit of cattle. The live stock department in every branch will be phenomenal. An enormous sheep exhibition building has been built to care for the increasing flocks which want space at the Minnesota Fair each year. In the horse department it is certain that every stall will be filled.

Last year when the new Agricultural building was put up it was thought it would take care of the department of farm products for at least a few years without crowding but this year it will be hard work to get all horticultural and agricultural exhibits into the building. The Exposition Building was filled before the summer had hardly commenced and the fair management has been forced to plan a large street for booths for great numbers of exhibitors.

In the farm machinery department it will be very difficult to find room for all would be exhibitors and the same is true of the poultry building, dairy building and women's building and all the higher departments of the fair.

Amusements have not been forgotten. The race entry list for the 1902 fair is the greatest and best list of horses ever entered in a western fair and is pronounced, by the highest authority, to equal any entry list of any eastern grand circuit racing association this year.

Marvelous specialties will supplement the racing program and each evening of the fair there will be a great entertainment consisting of racing under electric lights, baloon ascension, bicycle and automobile performances by Kilpatrick and other noted riders; and, finally, each night a production of Pain's latest pyrotechnic marvel, "War in China," will be given on the enormous stage in front of the grand stand.

The grounds have been much improved this year and numerous buildings have been added. Increased transportation facilities have been arranged for, and a half fare rate made by all the railroads.

The fair will open Monday, September first and will be in complete order by 9 a. m. on that date. As there will be enormous crowds this year, each intending visitor will do well to plan going to the fair early in the week.

VERY FEW DISORDERS

CLOSING OF FRENCH CONGREGATIONIST SCHOOLS PASSES OFF QUIETLY.

LARGE PARADE IN PARIS

Majority of the Marchers Wear Socialist Emblems and Indulge in Singing and Shouting—Imposing Force of Police and Municipal Guards Preserve Order—Slight Disturbances Occur at Bordeaux.

Paris, Aug. 4.—The Socialist demonstration in support of the government in the schools question, which was held in the Place Maubert, in the Latin quarter, passed without disorder.

A procession of 3,000 persons formed in front of the Hotel De Ville. A majority of the parade were Socialist emblems, a little red flower, in their buttonholes. They marched, singing Socialist songs and shouting "Down with the priests," to the Place Maubert, where red wreaths and a bouquet of roses were laid at the foot of the statue of Etienne Dolet. An imposing force of police and municipal guards preserved order. They split the crowd into small factions and prevented collisions of the Clericals, who were attending a meeting of protest in a hall in the neighborhood. Efforts of one or two anarchists to create trouble after the demonstration were speedily suppressed.

Advices received here from the provinces report the occurrence of few noteworthy incidents in connection with the closing of the unauthorized schools by commissaries of police.

There were slight disorders at Bordeaux, where the Clericals, who wished to hold the schools, came in conflict with counter demonstrators. The police were obliged to disperse the crowd.

The mayor of a township near Rouanne, Loire, rang the tocsin and incited a crowd armed with pitchforks and cudgels against the police commissary, who was unable to expel the rioters. The mayor was suspended for this action by the prefect.

Part of the garrison at Brest is being held in readiness to assist the police commissaries close the schools in Finistere, where feeling is still running very high. The father of a lay schoolmistress at Kerlouan, in Finistere, has received letters threatening himself and his daughter with death.

After the meeting of the Place Maubert a demonstration was made against the schools of the friars in the Rue Furstenburg. The windows of the buildings were shattered with stones. The police arrested an anarchist named Libertad.

At an anti-Clerical meeting held in a hall in the Latin quarter M. Tourgnol, Radical Socialist member of the chamber of deputies, declared that on the resumption of the sitting of the chamber he would propose the suppression of all congregations and the denunciation of the concordat, and that he hoped all Republicans would support him. M. Tourgnol was cheered by his audience.

At Vienne, near St. Etienne, a crowd of 4,000 persons opposed the police commissary, who wished to close the nuns' school. It hooted and stoned the commissary and his escort of gendarmes until they retired. The effort to close the school was unsuccessful.

FOR EUROPEAN DISARMAMENT.

King of Italy Will Urge It Upon Emperor William.

Rome, Aug. 4.—With regard to the statement in these dispatches, under date of July 13, that one of the principal questions of discussion between King Victor Emmanuel and the czar of Russia upon the occasion of the former's visit to St. Petersburg would be the reduction of armaments, it is learned that the king's visit to Emperor William at Berlin the latter part of this month is intended to continue this same work in the direction of reaching an international understanding in the matter of reduced armaments, the king of Italy having been encouraged in his determination by the czar, who is ready to reassume the leadership of the movement he initiated with The Hague conference.

According to information received from an authoritative source, the sovereigns referred to argue that the time of European wars is almost over, as their interests are so great in other continents that it is now worth while to fight for a strip of land here and there in Europe. Consequently the large armaments which are now intended for European conflicts might be reduced or transformed for the defense of colonial interests, the gain being devoted to the improvement of commerce and industry and for a collective fight against the common danger—American competition.

AGREEMENT REACHED.

Northern Railway Will Be Transferred Back to the Chinese.

Peking, Aug. 4.—Prince Ching, president of the foreign office, has notified the various representatives of the foreign powers here that agreements have been arrived at with Sir Ernest Satow, the British minister, for the restoration of the Northern railway to the Chinese. The United States minister, Mr. Conger, replied to Prince Ching and congratulated him upon the fact. The other powers are demanding further small concessions, but it is hoped the transfer of the road will be soon accomplished.

Kills His Daughter and Himself.

Grainger, Tex., Aug. 4.—While brooding over a fear of insanity G. W. Gay shot and killed his daughter, Mrs. Earl Johnson, and then committed suicide.

MOB IN ADOPTED CONTROL.

People of Charlottesville, Ind., Attempt to Enforce a Quarantine.

Knightstown, Ind., Aug. 4.—The village of Charlottesville, five miles west of here, was in the hands of a mob for several hours and the sheriff of Hancock county with seventy-five armed deputies, is on the scene. The trouble arose from an attempt to prevent the running of its cars by the Indianapolis and Eastern Traction company.

Recently a quarantine was established by Hancock county against this city on account of smallpox here. The traction company stopped running its cars until Sunday. When an effort was made to resume the people of Charlottesville stopped the second car, arrested the motorman and conductor, and sidetracked the car. Later other cars were run through the town and a car was assailed by a fusillade of shots from the guards and villagers and C. M. Kirkpatrick, one of the directors and several other passengers were hurt.

Traffic was resumed during the morning but in the afternoon a car was stopped loaded with passengers and later the sheriff of Hancock county with armed deputies was ordered to the scene to enforce the quarantine.

When the first car arrived the sheriff and deputies arrested the motorman and conductor.

The company learned that the mob had purchased dynamite and would blow up one of the bridges and part of the track before morning. A score of the company's men have been armed and ordered to patrol the track. Bloodshed is feared before morning.

SERMON BY IRELAND.

St. Paul Archbishop Scores Critics of the National Administration.

St. Paul, Aug. 4.—American Catholics who have been finding fault with the national administration and with the conduct of Philippine affairs by the vatican were again scored by Archbishop Ireland in a sermon at the cathedral in St. Paul Sunday.

Archbishop Ireland also served notice on the critics that they must personally assume responsibility for their utterances, as the Catholic church of this country would not do so.

The prelate spoke at length on the ways of the fault-finder, and declared chronic grumbling a sin that has always existed and always will. But, he added, the words of a chronic grumbler soon ceased to have weight with anyone.

No protest has come from the pope concerning the attitude of the United States officials in the conduct of the Philippines negotiation, declared the archbishop, and therefore no Catholic in this country has any right of make complaint.

TELEGRAPHIC BREVITIES.

The Hotel Garrard, the opera house, W. A. Arnold's livery stable, with nine horses and twelve vehicles and several stores were burned at Lancaster, Ky.

Given E. Brocar, a landsman of the United States cruiser Montgomery, lying at the Brooklyn navy yard, committed suicide by taking poison on board the vessel.

Theodore R. Hostetter, one of the wealthiest men of Pittsburgh, died of pneumonia at his apartment on Sixty-fifth street. He was a son of David Hostetter, an oil and gas magnate of Pittsburgh.

FOUND BURIED IN SAND.

Mrs. George Wolf of Chippewa Falls Evidently Murdered.

Chippewa Falls, Wis., Aug. 4.—The mysterious disappearance of Mrs. George Wolf was cleared up during the afternoon, when her body was found buried in sand four miles south of this city.

She disappeared on the evening of June 27. When last seen she was riding at night with her husband, who has since left and his whereabouts are unknown. Neighbors first grew suspicious of her disappearance and notified the authorities, who began search for the body along the river where the two were last seen. The county offered \$150 reward, with the result that hundreds engaged in the search.

George Bollinger, while prodding the earth with a wire, discovered the body. The face shows marks as though hammered with iron or stone. The features are recognizable, however.

LOVESWAR FOUND GUILTY.

South Dakota Man Convicted of a Brutal Double Murder.

Sturgis, N. D., Aug. 4.—Ernest Loveswar, charged with the murder of George Puck and George Ostrander, was found guilty and given the death sentence.

The case has been on trial five days. To the surprise of all, the defendant went upon the stand in his own defense, but before leaving it made sufficient admissions to convict him, though he attempted to deny the confession.

The most novel theory ever interposed in a criminal case was put forth by Loveswar's attorneys. The defendant swore that Dr. McSloy, the coroner, took him into the sheriff's office; that the doctor placed his knees against those of defendant and kept looking him so intently in the eye that he said anything and everything the doctor wanted him to.

FOR A DOUBLE MURDER.

Idaho Man Arrested for a Crime Committed Last June.

Blackfoot, Ida., Aug. 4.—W. A. Durham has been arrested here by County Attorney Winters of Bannock county, on the charge of murdering E. M. Fritz and J. L. Donaldson, whose dead bodies were found on Pocatello creek after the opening to settlement in June last of the Fort Hall reservation. Winters refused to make a statement except to say that he believed he had a complete chain of evidence connecting Durham with the crime. The murders created considerable excitement around Pocatello at the time and the men were supposed to have been killed for their money. Donaldson was a farmer of Wood River, Neb.

HOLDS UP A STREET CAR.

Helena Highwayman Robs Conductor and Four Passengers.

Helena, Mont., Aug. 4.—A masked man, heavily armed, held up a Helena street car on its last trip early Monday morning. After robbing the conductor he forced the passengers, four in number, to hand over their money and jewelry. The highwayman threatened the motorman, the conductor and the passengers with a large revolver, and said he would kill them if they gave the alarm.

After taking all the money and jewelry in the party the bandit jumped from the car and disappeared.

ILL HEALTH LEADS TO CRIME.

Oklahoma Man Stabs His Wife and Daughter and Kills Himself.

El Reno, Okla., Aug. 4.—At their home here Joseph Podowski stabbed his wife four times in the back, the blade entering the right lung; stabbed his twelve-year-old daughter twice and then shot himself and cut his throat. Podowski died a few hours later. His wife and daughter will probably die. The man was despondent because of lung illness.

RURAL CARRIER HELD UP.

Sandbagged and Seriously Injured by Two Hoboes at Le Sueur, Minn.

Le Sueur, Minn., Aug. 4.—Edward Dailey, carrier of rural route No. 1, was held up and robbed of \$25 by two hoboes. Mr. Dailey was sandbagged and seriously injured.

The robbery was committed just across the bridge. A posse was quickly formed, but was unsuccessful in catching the robbers.

Lake Captain Kills Himself.

Chicago, Aug. 4.—Captain Fay Nyman, well known in marine circles, committed suicide on the shore of Lake Michigan by drinking carbolic acid. Captain Nyman had been in poor health for some time and recently underwent an operation. It is believed he committed the deed while temporarily unbalanced on account of his sickness.

Notorious Cattle Rustler Shot.

Billings, Mont., Aug. 4.—J. W. Perry, known throughout the Eastern Montana range as "Black Perry," a notorious cattle rustler, was shot and killed by James Haynie, foreman of the Hysham Cattle company, at Sander's Station. Haynie, who is one of the best known stockmen in the state, gave himself up. No particulars are given.

Killed His Father With a Club.

McArthur, O., Aug. 4.—David Morris, a farmer, aged forty-six, was killed by his son, Davis Morris, aged twenty-two, near Prattsville. The son was living with his father and demanded the use of a horse. When the father refused the son struck him with a club. The father died within an hour. Young Morris was held without bail.

Filipino Bandit Drowned.

Manila, Aug. 4.—Pablo Mauras, a bandit who had terrorized the island of Romblon for the past ten years, was captured by the native constabulary on the neighboring island of Sibuyan. With his arms bound, he was placed in a boat to be conveyed to Romblon, but sprang overboard in a dash for liberty, and was drowned.

The Wrong Roll.

Immediately after a wedding which took place in Washington the best man started for South Africa, where he remained more than a year. On his return, says a writer in Harper's Magazine, he was given a dinner and wore evening clothes for the first time since the wedding.

In the midst of the evening, fumbling in his waistcoat pocket, he astonished himself and his friends by pulling out a hundred dollar bill. Where had it come from? A sudden thought flashed across his mind.

The next morning he went to the clergyman who had married his friends.

"Do you remember marrying Mr. Armistage and Miss Bently about a year ago?"

"Oh, perfectly," replied the clergyman. "I see them constantly at my church."

"Well, will you pardon me if I ask you a delicate question in strict confidence. How much did you receive as your fee?"

"I will return frankness with frankness," returned the clergyman, smiling whimsically. "It was the strangest fee that ever came my way. After the ceremony the best man, with a profusion of thanks, slipped into my hand a small siver of plug tobacco wrapped in a wad of paraffin paper!"

Farmer Killed by Lightning.

Ada, Minn., Aug. 4.—George Williams was instantly killed by lightning. He was driving in his field and one of his horses was also killed. When found his clothes were burning.

VERY FEW DISORDERS

CLOSING OF FRENCH CONGREGA-
TIONIST SCHOOLS PASSES
OFF QUIETLY.

LARGE PARADE IN PARIS

Majority of the Marchers Wear Social-
istic Emblems and Indulge in Sing-
ing and Shouting—Imposing Force
of Police and Municipal Guards
Preserve Order—Slight Disturbances
Occur at Bordeaux.

Paris, Aug. 4.—The Socialist demon-
stration in support of the govern-
ment in the schools question, which
was held in the Place Maubert, in the
Latin quarter, passed without disorder.

A procession of 3,000 persons formed
in front of the Hotel De Ville. A
majority of the paraders wore Social-
ist emblems, a little red flower, in
their buttonholes. They marched,
singing Socialist songs and shouting
"Down with the priests," to the Place
Maubert, where red wreaths and a
bouquet of roses were laid at the foot
of the statue of Etienne Dolet. An
imposing force of police and municipal
guards preserved order. They split the
crowd into small factions and pre-
vented collisions of the Clericals, who
were attending a meeting of protest in
a hall in the neighborhood. Efforts of
one or two anarchists to create trouble
after the demonstration were speedily
suppressed.

Advices received here from the
provinces report the occurrence of
few noteworthy incidents in connection
with the closing of the unauthor-
ized schools by commissaries of police.

There were slight disorders at Bordeaux,
where the Clericals, who
wished to hold the schools, came in
conflict with counter demonstrators.
The police were obliged to disperse
the crowd.

The mayor of a township near
Roanne, Loire, rang the tocsin and
incited a crowd armed with pitchforks
and cudgels against the police commissary,
who was unable to expel the
rioters. The mayor was suspended
for this action by the prefect.

Part of the garrison at Brest is being
held in readiness to assist the
police commissaries close the schools in
Finistere, where feeling is still running
very high. The father of a lay schoolmistress at Kerlouan, in Finistere,
has received letters threatening
himself and his daughter with death.
After the meeting of the Place Maubert
a demonstration was made
against the schools of the friars in
the Rue Furstenburg. The windows
of the buildings were shattered with
stones. The police arrested an anarchist
named Libertad.

At an anti-Clerical meeting held in
a hall in the Latin quarter M. Tourgnol,
Radical Socialist member of the
chamber of deputies, declared that on
the resumption of the sitting of the
chamber he would propose the suppression
of all congregations and the
denunciation of the concordat, and
that he hoped all Republicans would
support him. M. Tourgnol was cheered
by his audience.

At Vienne, near St. Etienne, a crowd
of 4,000 persons opposed the police
commissary, who wished to close the
nuns' school. It booted and stoned
the commissary and his escort of
gendarmes until they retired. The
effort to close the school was unsuccessful.

FOR EUROPEAN DISARMAMENT.

King of Italy Will Urge It Upon Emperor William.

Rome, Aug. 4.—With regard to the
statement in these dispatches, under
date of July 13, that one of the principal
questions of discussion between
King Victor Emmanuel and the czar
of Russia upon the occasion of the
former's visit to St. Petersburg would
be the reduction of armaments, it is
learned that the king's visit to Emperor
William at Berlin the latter part
of this month is intended to continue
this same work in the direction of
reaching an international understanding
in the matter of reduced armaments,
the king of Italy having been
encouraged in his determination by
the czar, who is ready to reassume
the leadership of the movement he
initiated with The Hague conference.

According to information received
from an authoritative source, the
sovereigns referred to argue that the time
of European wars is almost over, as
their interests are so great in other
continents that it is now worth while
to fight for a strip of land here and
there in Europe. Consequently the
large armaments which are now in-
tended for European conflicts might
be reduced or transformed for the
defense of colonial interests, the gain
being devoted to the improvement of
commerce and industry and for a
collective fight against the common danger—
American competition.

AGREEMENT REACHED.

Northern Railway Will Be Transferred
Back to the Chinese.

Peking, Aug. 4.—Prince Ching, president
of the foreign office, has notified
the various representatives of the
foreign powers here that agreements
have been arrived at with Sir Ernest
Sato, the British minister, for the
restoration of the Northern railway to
the Chinese. The United States
minister, Mr. Conger, replied to Prince
Ching and congratulated him upon the
fact. The other powers are demand-
ing further small concessions, but it
is hoped the transfer of the road will
be soon accomplished.

Kills His Daughter and Himself.

Granger, Tex., Aug. 4.—While brood-
ing over a fear of insanity G. W. Gray
shot and killed his daughter, Mrs.
Earl Johnson, and then committed
suicide.

MOB IN ACHIEVE CONTROL.

People of Charlottesville, Ind., At-
tempt to Enforce a Quarantine.

Knightstown, Ind., Aug. 4.—The vil-
lage of Charlottesville, five miles
west of here, was in the hands of a
mob for several hours and the sheriff
of Hancock county with seventy-five
armed deputies, is on the scene. The
trouble arose from an attempt to pre-
vent the running of its cars by the
Indianapolis and Eastern Traction
company.

Recently a quarantine was estab-
lished by Hancock county against
this city on account of smallpox here.
The traction company stopped run-
ning its cars until Sunday. When an
effort was made to resume the peo-
ple of Charlottesville stopped the second
car, arrested the motorman and
conductor, and sidetracked the car.

Later other cars were run through
the town and a car was assailed by a
fusillade of shots from the guards and
villagers and C. M. Kirkpatrick, one
of the directors and several other
passengers were hurt.

Traffic was resumed during the
morning but in the afternoon a car
was stopped loaded with passengers
and later the sheriff of Hancock county
with armed deputies was ordered to
the scene to enforce the quarantine.

When the first car arrived the sheriff
and deputies arrested the motorman
and conductor.

The company learned that the mob
had purchased dynamite and would
blow up one of the bridges and part
of the track before morning. A score
of the company's men have been armed
and ordered to patrol the track.
Bloodshed is feared before morning.

SERMON BY IRELAND.

St. Paul Archbishop Scores Critics of
the National Administration.

St. Paul, Aug. 4.—American Catho-
lics who have been finding fault with
the national administration and with
the conduct of Philippine affairs by
the vatican were again scored by
Archbishop Ireland in a sermon at the
cathedral in St. Paul Sunday.

Archbishop Ireland also served
notice on the critics that they must
personally assume responsibility for
their utterances, as the Catholic
church of this country would not do so.

The prelate spoke at length on the
ways of the fault-finder, and declared
chronic grumbling a sin that has al-
ways existed and always will. But,
he added, the words of a chronic
grumbler soon cease to have weight
with anyone.

No protest has come from the pope
concerning the attitude of the United
States officials in the conduct of the
Philippines negotiation, declared the
archbishop, and therefore no Catholic
in this country has any right of make
complaint.

TELEGRAPHIC BREVITIES.

The Hotel Garrard, the opera house,
W. A. Arnold's livery stable, with nine
horses and twelve vehicles and several
stores were burned at Lancaster, Ky.

Given E. Brocar, a landsman of the
United States cruiser Montgomery,
lying at the Brooklyn navy yard,
committed suicide by taking poison
on board the vessel.

Theodore R. Hostetter, one of the
wealthiest men of Pittsburg, died of

fifth street. He was a son of David
Hostetter, an oil and gas magnate of
Pittsburg.

FOUND BURIED IN SAND.

Mrs. George Wolf of Chippewa Falls
Evidently Murdered.

Chippewa Falls, Wis., Aug. 4.—
The mysterious disappearance of Mrs.
George Wolf was cleared up during
the afternoon, when her body was
found buried in sand four miles south
of this city.

She disappeared on the evening of
June 27. When last seen she was rid-
ing at night with her husband, who
has since left and his whereabouts are
unknown. Neighbors first grew sus-
picious of her disappearance and not-
ified the authorities, who began search
for the body along the river where the
two were last seen. The county of-
fered \$150 reward, with the result that
hundreds engaged in the search.

George Bollinger, while prodding the
earth with a wire, discovered the
body. The face shows marks as
though hammered with iron or stone.
The features are recognizable, how-
ever.

South Dakota Man Convicted of a
Brutal Double Murder.

Sturgis, N. D., Aug. 4.—Ernest
Loveswart, charged with the murder
of George Puck and George Ostrander,
was found guilty and given the death
sentence.

The case has been on trial five days.
To the surprise of all, the defendant
went upon the stand in his own de-
fense, but before leaving it made suf-
ficient admissions to convict him,
though he attempted to deny the con-
fession.

The most novel theory ever inter-
posed in a criminal case was put forth
by Loveswart's attorneys. The defend-
ant swore that Dr. McSloy, the coron-
er, took him into the sheriff's office;
that the doctor placed his knees
against those of defendant and kept
looking him so intently in the eye that
he said anything and everything the
doctor wanted him to.

FOR A DOUBLE MURDER.

Idaho Man Arrested for a Crime Com-
mitted Last June.

Blackfoot, Ida., Aug. 4.—W. A. Dur-
ham has been arrested here by County
Attorney Winters of Bannock county,
on the charge of murdering E. M.
Fritz and J. L. Donaldson, whose dead
bodies were found on Pocatello creek
after the opening to settlement in
June last of the Fort Hall reservation.
Winters refused to make a statement
except to say that he believed he had
a complete chain of evidence connect-
ing Durham with the crime. The
murders created considerable excite-
ment around Pocatello at the time and
the men were supposed to have been
killed for their money. Donaldson
was a farmer of Wood River, Neb.

HOLDS UP A STREET CAR.

Helena Highwayman Robs Conductor
and Four Passengers.

Helena, Mont., Aug. 4.—A masked
man, heavily armed, held up a Helena
street car on its last trip early Mon-
day morning.

After robbing the conductor he
forced the passengers, four in number,
to hand over their money and jewelry.
The highwayman threatened the
motorman, the conductor and the pas-
sengers with a large revolver, and said
he would kill them if they gave the
alarm.

After taking all the money and jew-
elry in the party the bandit jumped
from the car and disappeared.

ILL HEALTH LEADS TO CRIME.

Oklahoma Man Stabs His Wife and
Daughter and Kills Himself.

El Reno, Okla., Aug. 4.—At their
home here Joseph Podowski stabbed
his wife four times in the back, the
blade entering the right lung; stabbed
his twelve-year-old daughter twice and
then shot himself and cut his throat.
Podowski died a few hours later.
His wife and daughter will probably
die. The man was despondent be-
cause of long illness.

RURAL CARRIER HELD UP.

Sandbagged and Seriously Injured by
Two Hoboes at Le Sueur, Minn.

Le Sueur, Minn., Aug. 4.—Edward
Dailey, carrier of rural route No. 1,
was held up and robbed of \$25 by
two hoboes. Mr. Dailey was sand-
bagged and seriously injured.

The robbery was committed just
across the bridge. A posse was quick-
ly formed, but was unsuccessful in
catching the robbers.

Lake Captain Kills Himself.

Chicago, Aug. 4.—Captain Fay Ny-
man, well known in marine circles,
committed suicide on the shore of
Lake Michigan by drinking carbolic
acid. Captain Nyman had been in
poor health for some time and recent-
ly underwent an operation. It is be-
lieved he committed the deed while
temporarily unbalanced on account of
his sickness.

Notorious Cattle Rustler Shot.

Billings, Mont., Aug. 4.—J. W. Perry,
known throughout the Eastern Mon-
tana range as "Black Perry," a no-
torious cattle rustler, was shot and
killed by James Haynie, foreman of
the Hysham Cattle company, at San-
der's Station. Haynie, who is one of
the best known stockmen in the state,
gave himself up. No particulars are
given.

Killed His Father With a Club.

McArthur, O., Aug. 4.—David Mor-
ris, a farmer, aged forty-six, was killed
by his son, Davis Morris, aged twenty-
two, near Prattsville. The son was
living with his father and demanded
the use of a horse. When the father
refused the son struck him with a
club. The father died within an hour.
Young Morris was held without bail.

Filipino Bandit Drowned.

Manila, Aug. 4.—Pablo Mauras, a
bandit who had terrorized the island
of Romblon for the past ten years,
was captured by the native con-
stabulary on the neighboring island of
Sibuyan. With his arms bound, he
was placed in a boat to be conveyed
to Romblon, but sprang overboard in
a dash for liberty, and was drowned.

The Wrong Roll.

Immediately after a wedding which
took place in Washington the best man
looked for South Africa, where he re-
mained more than a year. On his re-
turn, says a writer in Harper's Mag-
azine, he was given a dinner and wore
evening clothes for the first time since
the wedding.

In the midst of the evening, fum-
bling in his waistcoat pocket, he as-
tonished himself and his friends by
pulling out a hundred dollar bill.
Where had it come from? A sudden
thought flashed across his mind.

The next morning he went to the
clergyman who had married his
friends.

"Do you remember marrying Mr. Ar-
mitage and Miss Bently about a year
ago?"

"Oh, perfectly," replied the clergy-
man. "I see you constantly at my
church."

"Well, will you pardon me if I ask
you a delicate question in strict con-
fidence. How much did you receive
as your fee?"

"I will return frankness with frank-
ness," returned the clergyman, smiling
whimsically. "It was the strangest
fee that ever came my way. After
the ceremony the best man, with a pro-
fusion of thanks, slipped into my hand
a small sliver of plug tobacco wrapped
in a wad of paraffin paper!"

Farmer Killed by Lightning.

Ada, Minn., Aug. 4.—George Wil-
liams was instantly killed by light-
ning. He was driving in his field and
one of his horses was also killed.
When found his clothes were burn-
ing.
